an *H-E Parts International* company

## Your #1 Source for ALL MAKES of Heavy Equipment Parts

H-E Parts Distribution (HEPD) is a global supplier of Quality Replacement Parts for Highway Heavy Construction machinery, including Caterpillar, Komatsu®, and John Deere® Equipment.

In 2009 H-E Parts Distribution was formed in a merger of Getco, Tractoamerica, and Grace Track. With over 130 years experience and four distribution centers, HEPD wholesales and distributes a full range of new Aftermarket Parts including:

- Undercarriage**
- Ground Engaging Tools**
- Engine Parts**
- Track and Plow Bolts and Nuts**
- Gaskets and Seals**
- Filters**
- Bearings**
- Hydraulic Pumps, Cartridges**
- Transmission Parts**
- Final Drive Components**
- Electrical Components**
- Air Inlet & Exhaust System**
- Chassis Parts**

In addition, HEPD brokers used and Reconditioned Equipment as well as Rebuilt Components such as Engines, Long Blocks, Short Blocks, Transmissions, and Hydraulic Cylinders.

H-E Parts Distribution's strength has been its uncompromising commitment to high quality, competitive pricing, and efficient service; assuring every client the same warranty as that offered by the Original Equipment Manufacturers (OEM).

H-E Parts Distribution also provides full export services, including consolidation for various orders into a single invoice and shipment, as well as in-house preparation of export documents and delivery to all major cargo Airlines and Seaports.

Additionally, the Company provides its clients complete access to its inventory as well as price inquiries and order processing through its E-Commerce site; an interactive tool allowing customers to quote and place orders electronically. The Company also provides turnkey Speciality Casting Solutions to its customers.
